## Community Corner

This week we learned that our dreams of strengthening and building PIHEC as a community of practice will be funded by the federal government.

We are privileged to have a strong prepared community of 32 members and 5 willing “model” programs to drive us forward. We will use the strength of professional relationships fortified by purpose and vision to honor the responsibility, we have been given as a TPSID awardee. You can read the Abstract of our proposal [here](#), and this serves as our mandate. I look forward to the years ahead as we make a difference for many by growing the capacity in each of us to be change agents for all of us.

**TPSID 2020 awarded to five  
Pennsylvania model curriculums  
and research center**

Co-Principal Investigator— Ann Marie Licata, Ph.D.  
Principal Investigator—Thomas Neuville, Ph.D.
